## Objective

*Fresher with strong front-end and back-end technologies, aims to develop dynamic websites using HTML, CSS, JavaScript, and Python, contributing to real-world projects and enhancing proficiency with Bootstrap and Django frameworks.*

## Projects

1. NOVA Airbuds Clone page :-

*The Nova Airbuds Clone Page is a modern, mobile-responsive web page built using HTML, CSS, Bootstrap, and JavaScript. It features a responsive navbar for seamless navigation across devices. The design is enhanced with Bootstrap, ensuring an SEO-friendly structure and a visually appealing layout. Additionally, semantic HTML elements have been incorporated to improve search engine rankings and accessibility. This project demonstrates a clean, structured, and user-friendly interface with optimized performance for a better browsing experience.*

2. Netflix Clone page :-

*The Netflix Clone Page is a modern, fully responsive web project designed with HTML, CSS, Bootstrap, and JavaScript. It replicates the sleek and intuitive interface of Netflix, featuring a visually appealing layout, interactive UI components, and seamless navigation. Built with Bootstrap, it ensures a smooth experience across all screen sizes, while semantic HTML improves SEO and accessibility. This project highlights a clean, structured, and user-friendly design, offering an engaging and optimized streaming platform interface.*

3. Portfolio Template page :-

*The Personal Portfolio Template Page is a sleek, fully responsive web design crafted with HTML, CSS, Bootstrap, and JavaScript. It provides a modern and professional layout to showcase skills, projects, and achievements effectively. With a clean navigation bar, interactive sections, and smooth animations, it ensures an engaging user experience. Bootstrap's responsive grid system adapts seamlessly to all devices, while semantic HTML enhances SEO and accessibility. This project demonstrates a well-structured, visually appealing, and performance-optimized portfolio, perfect for creating a strong online presence.*
